Abdul-Razak IKHARO

Email: ikharoabdulrazak@yahoo.com Phone: 08036479821

PERSONAL DETAILS

Date of Birth	:	2nd May, 1988.
Gender	:	Male
Nationality	:	Nigerian
Marital	:	Single

TECHNICAL SUMMARY

Abdul-Razak has over 7yearsyears of experience in electrical and instrumentation fields. I possess an extensive experience as a plant floor electrical and instrument technician especially in maintenance of electrical equipments especially in offshore and onshore facilities. My core areas of proficiency also include:

- Possess 8years of experience in Electrical and Instrument maintenance and troubleshooting.
- Possess skills in Transformers installation and Switchgears.
- Cable Termination and Glandding but Power and Instrument Cables.
- Possess skills in various ways of cable testing.
- Possess extensive skills in performing routine surveillance of the Electrical and Instruments activities with a view to minimize adverse impact safety.
- Skilled in design and installation of industrial power panel also domestic electrical installations.
- Installation and calibration of LIT, PIT, FIT, PDIT, LCV, PCV, FCV, F&G.
- Installation and maintenance of ESDV, SDV, BDV, Level Switches, Vibration Switches, Pressure Switches.
- Maintenance and troubleshooting of Residual Gas Compressor (RGC).

EDUCATIONAL QUALIFICATIONS WITH DATES:

2012 **Federal Polytechnic Auchi, Edo State.**
HND in Electrical/Electronic Engineering.
(Power and Machine Option)

2007 **Federal Polytechnic Auchi, Edo State.**
ND in Electrical / Electronic Engineering.

2002 **Muslim Secondary School, Auchi, Edo State.**
Senior Secondary School Certificate.

PROFESIONAL CERTIFICATION

Council For The Regulation Of Engineering In Nigeria (COREN) (19th June, 2019)

Nigerian Association of Technologist In Engineering. (NATE) (20th October, 2018)

TRAINING ATTENDED

- ExxonMobil Certificate of Global Operation PBP Work Management System. WMS + ePTW + eJSA. Module 2 Permit Holder System 6-4 (Holder) E-vision (June, 2019)

- ExxonMobil Certificate of Global Operation PBP Work Management System. Module 2 Permit Holder System 6-4 (Owner) (April, 2017)

- SPEC ENERGY Certificate of Training on Introduction to process Safety Management. (Nov. 2016)

AWARD AND RECOGNITION/RECOMMENDATIONS

- ExxonMobil Certificate of Recognition, Nigeria Projects Organization-Offshore/Revamp Program. NPO-OPG/RPG (January, 2015)

- Transmission Company of Nigeria (TCN) Letter of Recommendation. (May, 2014)

STRENGTHS

- Hard working, Optimistic, Quick learning, Creativity and good attitude.
- Team player, Time Conscious and Goal Oriented.
- Observant and adaptable.
- Committed to the task.

HOBBIES:

Electrical Design, Creative thinking, Playing Football, Reading.

TECHNICAL EXPERIENCE:

CLIENT	POSITION	PROJECTS/RESPONSIBILITIES	DURATION	COMPANY
SEEPCO.	**Instrument Maintenance Technician**	**ALACRITY PROCESSING GAS PLANT in Kwale Delta State.** ❖ Carries out routine and preventive maintenance. ❖ Carry out Maintenance on Residual Gas Compressor (RGC). ❖ Calibrationand maintenance of LIT, FIT, PIT, TIT, LCV, FCV, PCV,TCV, SV, BDV, PRV, ESDV, and F&Gs. ❖ Prepars all reports on work activities. ❖ Developing and execute preventing maintenance programs plan. ❖ Providing support as part of emergency response team. ❖ Replace any damage parts in the field with spare.	JUNE 2020 – Till date.	Sterling Global Oil Resources Limited..

ExxonMobil	**Electrical and Instrument Foreman (E&I)**	**Project: QPDUP (QIT POWER DISTRIBUTION UPGADE PROJECT).** ❖ Installation of 1MVa and 500KVa Transformers ❖ I supervised the pulling of 700mm and 500mm armour on a distance of two kilometers cables ❖ Installation of POWELL SWITCHGEARS and Distribution panels units. ❖ Cable tray fabrication and installation. ❖ Cable Termination and gladding. ❖ Installation of 12V Battery power Bank. ❖ Installation of DWD HVAC system ❖ Installation of Earthing system. ❖ CADwelding.	APRIL 2017 –March 2020	Tombim Services Ltd. Port Harcourt Rivers State.
PNG	**Instrument Technician.**	**EGBAOMA PROCESSING GAS PLANT.** ❖ I Work as an Instrument Plant Technician during the pre - commissioning and has a maintenances technician.. ❖ Installation and calibration of LCV, PCV, FCV valves and also ESDV, SDV, BDV valves. ❖ Installation and calibration of pressure switch, Level Switch, Flow Switches. ❖ Installation of Fire Detectors Gas Detectors and MCP. ❖ Daily check-up and maintenances of DOURIZER skid.	**February 2016- March, 2017.**	**Spec Energy.**
ExxonMobil	**Electrical and Instrumentation Technician. (E&I)**	**PROJECT: UBIT GP, GY LIFE EXTENSION PROJECT.** ❖ Running of tubing linking GP control panel to GY control panel. ❖ Calibration of Pilot switching and PIC. ❖ Installation of scope light. ❖ Carry out link test on tubing. ❖ Installation of air regulators Installation of solenoid valves.	**December, 2014 - January, 2015.**	**Tombim Services Limited, Port Harcourt, Rivers State.**
ExxonMobil	**Electrical Instrumentation Technician. (E&I)**	**PROJECT: ETIM-INIM LIFE EXTENSION PROJECT.** ❖ Field work using electrical layout diagram on electrical installations diagrams. ❖ Installation of 60v battery bank. Installation of power control panel for alternative powering of the platform during ETIM shunt down.	**Dec. 2013- February 2016**	**Tombim Services Limited Port Harcourt, Rivers State.**

Transmission Company of Nigeria (TCN)	**Control Room Operator, PC&M, and Electrical.**	**PROJECT: Aba 330kva/132kva Transmission Sub- Station Aloaji, P.M.B 7265 Aba, Abia State.** I work as a Control room operator, where I work in the following field: ❖ Monitoring of Grid System. ❖ Opening and closing of Isolators 330kva and 132kva switch yard both manual, local and automatic. ❖ Re-setting of relays when they flag. ❖ Transformer Testing. ❖ Taking temperature reading on the three differences 150MVA transformers. ❖ Taking down hours reading of energy received and energy transmitted. ❖ theme member that also work on 75MVA and 40MVA transformers in Aba 132kva sub-station. ❖ work with Israeli Engineers that assemble the newly 300MVA AREVA transformer in the company.	**July 2013- December 2014**	**NYSC**

REFEREES:

Engr. Ovbiagele Umahon
Senior Lecturer in Dept. Of Electrical/ Electronic Engineering
Auchi Polytechnic, Auchi
Tel: 08062495480

Engr. Musa Jimoh
Commissioning Engineer,
Tombin Services Limited
KM 18, Port Harcourt Aba Express Way, Rivers State, Nigeria.
Tel: 07037493880
