JOB PROFILE

Instrumentation Engineer having experience in maintenance as well as construction side of engineering. 2 years of experience in oil & gas offshore/unmanned process platforms. 1 Year of experience in petrochemical/chemical industry.

SKILLS

Instrument calibration,Instrument tubing,Loop checking,Preventive maintenance,Corrective maintenance,Panel wiring,Erection,Project management,Site supervision,PTW coordination,HART Protocol,Foundation Field bus,MS Excel,MS Word,Origin Pro-8

EDUCATIONAL QUALIFICATION

- **Graduate in Instrumentation Engineering** from University Of Mumbai, Mumbai. **(2013-2017)**

WORK EXPERIENCE

- **(Feb 2020 -Present)**

  COMPANY- **ANCHOR OFFSHORE SERVICES LIMITED**

  POSITION – **INSTRUMENTATION ENGINEER/SITE IN-CHARGE**

  CLIENT – **OIL AND NATURAL GAS CORPORATION (ONGC)**

- **(October 2018- December 2020)**

  COMPANY- **MAHATECH CIVIL & MECHANICAL CONTRACTORS**

  POSITION- **ELECTRONICS & INSTRUMENTATION ENGINEER**

  CLIENT – **BHABHA ATOMIC RESEARCH CENTRE (BARC)**

- **(July 2017-October 2017)**

  COMPANY- **RASHTRIYA CHEMICALS & FERTILIZERS LTD.**

  POSITION- **ON THE JOB TRAINEE**

ADDITIONAL COURSES AND CERTIFICATIONS

- Basic offshore safety induction and emergency training (BOSIET)
- General Firefighting training
- Confined space entry awareness training
- H2S awareness training

Familiar With:

- Installation and hookup of various types of field instruments ,transmitters and valves.
- To conduct maintenance of field instruments of various manufacturers such as Honeywell,Rosemount,ABB,Yokogawa etc.
- Calibration,configuration and troubleshooting of various field instruments and valves such as Pressure transmitter (PT),Differential pressure transmitters(DPT),Temperature transmitters (TT),Displacer level transmitters (LT),Multi variable transmitters(MVT),Pressure gauges,Side glass level gauges,2 way & 3 way solenoid valves,Control Valves,single loop programmable controllers(SLPCs),Currrent to pressure(I/P) converters etc.
- Cable laying,Cable glanding,Cable termination,Panel wiring and erection of Junction boxes.
- Installation of safety barriers,MCB,toggle switches etc.
- Tubing of field instruments of various tube sizes such as ½,1/4,3/8,1(INCH) .
- Continuity and loop checking,Pre-commissioning and commissioning
- Preparation of relevant work permits (PTW),Tool box talk forms, Daily progress reports,Work completion certificates etc.
- Planning for execution of work on daily basis and accordingly coordinate resources for field tasks to conduct the work in a safe,timely and cost effective manner.
- Reading P & ID drawings,Electrical drawings, Instrument hook up diagrams and Loop diagrams.
- Configuring and using of smart tools : - Fluke/Meco multi-meters,HART protocol enabled Field communicators of various manufactures such as ABB,Honeywell and Emerson ,Hydraulic pumps,Pneumatic pumps,Decade boxes,Digital temperature detector,Loop calibrators,Pressure calibrators etc.
- Power tools :- Brass/Copper hammers,12 inch/6 inch Hacksaw, 36 inch/12 inch/8 inch Pipe wrench, 1,1/2,3/8,1/4 inch tube benders,tube cutters etc.
- Office tools : MS Excel,Ms Word,IP Messenger,Paint,Origin pro 8 and Auto-cad.

Self-Assessment

A competent, self-motivated, conscientious person and team player with good organizational and planning skills. Capable of utilizing own initiative, able to respond positively and effectively to change, prioritizing plans to adapt to changing circumstances. Demonstrates a systematic, disciplined and analytical approach to problem solving. Driven to be successful as a team member, to be part of a successful team and to be part of a successful company. Always enthusiastic to learn and undertake new challenges. An excellent communicator, with loyalty, commitment and dedication to be expected from a valued member of any team.
