## PERSENOAL INFORMATION

- Marital status : Married
- Nationality : Egyptian
- Date of Birth : June , 26 , 1983
- Military Status : Exempted

## OBJECTIVE

Seeking a challenging and growth oriented career where I can utilize my skills and knowledge with the opportunity for professional growth and to excel by contributing towards the achievement of organizational goals with highest Quality Standards.

## EDUCATION

1999 , Alexandria, Egypt

Technical Industrial Institute: Electrical

## SKILLS

Professional & Self-Management Skills:

- Possess excellent interpersonal, analytical, and organizational skills.
- Willing to keep up with the advancement in my work field.

## EDUCATION

- Ability to work under pressure
- Patient, Organized, Energetic, Self Disciplined & Confident
- Time Management

Computer Skills :

- Microsoft Office Applications tools
- Internet professional using
- Word Typing : Very Good (English & Arabic)

Languages Skills:

- Arabic : Native Language
- English : Good ( Reading & Writing & Speaking)

## PROFESSIONAL ABRIDGEMENT

- Over 12 years of rich & cross cultural experience in Electrical And Instrument Construction, supervision, Inspections, Commissioning and troubleshooting.
- Hands on experience in construction, Inspection and commissioning activities at Oil and Gas Projects (Petrochemical Plants, Refineries, LNG Projects, Gas Exporting Upstream Projects, Tank Farms & and upgrading the projects).

## EXPERIENCE DETAILS

### Electrical System:

▪ Having good command to work on Electrical Sub Station High voltage ,Medium Voltage, Low Voltage

Cable Glancing Termination, control System Transformer installation, bus duct installation (assembled), Lighting System in door and Out Door, Lighting Tower, Lighting pole, Switch gear ,IRP(Inter Processing Panel) Annunciator Panel, Battery Bank ,Battery Charger, UPS System Per attached typical Drawing &ITR 'Specification

▪ Testing Electrical Equipment Hypo Test, Mongering, and continuity test. earth System ,Earth Testing

- ▪ Telecommunication system. Cable lying, glancing termination; panel Mounting, Equipment Installation, and Tray Conduit Pipe Installation etc.
- ▪ Mounting of Moto r, Transformer, HV & LV Motor, Panel, Switch Gear etc.

### Control Systems:

- ▪ Having good command to work on DCS, Fire & Gas System (Safe Guard). I have performed Loop Checking, Cause & Effect Checking, Loop Modification and Trouble shooting on PLC (Allen Bradley,
- ▪ Triconex, Siemens, and GE Fanuc) and DCS (Foxboro Invensys, Honeywell TDS 3000, Siemens, Cegellac, ABB Process Portal B, Honeywell PKS C 200, Yokogawa Centum XL DCS system).

### General Instruments:

- ▪ Possesses sound command on Pneumatic Instruments as well as Electronic Instruments like Differential Pressure, Level, Temperature Flow Transmitter, Control Valves, Controllers, Pressure, Temperature and Flow & Level Switches. Turbine, Magnetic & Vortex flow meter, Micro Motion Flow meter, Load Cell.
- ▪ Well versed to calibrate & configure the smart series Instruments with Handheld filed Communicator.

▪ Also possess good knowledge about the workshop calibration Instruments. Control valve overvaluing.

### Fire & Gas Instruments:

▪ Possess good experience of working on F&G Instruments like IR/UV Flame Detector, Line of Sight Gas Detector, Point Gas Detectors, Manual Call Points, Water saver, Vesda and Gas & Fire Sounders etc.

### Vibration Monitoring Systems:

▪ Worked on Vibration Monitoring System of Bentley Nevada 3300, 3500 series. I have good experience of Vibration Probe Installation, Probe health checking and Probe Characteristics checking by using TK3 probe calibrator.

### Analyzers:

▪ Possesses sound knowledge and experience of working on Analyzers like Hydrocarbon, Moisture,
Oxygen, Conductivity, and pH/ORP Analyzers, Water in Oil analyzers and Gas Chromatographs.

### Drawings:

▪ I can also read and understand P&ID's, PFD's, ILD's, Hook-up Drawings, Isometric drawing

## JOB RESPONSIBILITIES:

### Main:

- Implementation of Project Quality Plan for the INSTRUMENTATION & Electrical activities & project specific procedure.
- Perform inspection activities and witness testing as required by applicable Inspection & Test Plans (ITPs).
- Participate in the surveillance/audit process to monitor construction & quality control when requested by the site QA/QC Manager.
- Prepare daily inspection reports for INSTRUMENTATION activities.
- Generate Non-conformance and Surveillance Reports for activities and materials on site found not in conformance with specified requirements.
- Review of construction QC records prior to handover to the Client.
- Interface with the Client's inspection personnel.
- DCS, ESD, F&G and Analyzer System Installation & Testing. Able to review, interpret and work in accordance with Client/Company standards and procedures. Familiar with working to Inspection & Test Plans.
- Installation and testing of control & protection systems for package mechanical and fire equipment.
- Control, Protection and Instrumentation for Ethylene and/or Petrochemical Plant Oil & Gas Applications.

## RELATIONSHIP MANAGEMENT

- Interacting with clients, providing effective solutions and building healthy relations.
- Leading and motivating workforce; imparting continuous on job training for accomplishing greater operational effectiveness/efficiency.

▪ Resolving interpersonal issues & working towards building a harmonious work environment. ▪

Planning and monitoring execution of various projects for construction and inspection,

## DECLARATION:

I hereby declare that all the information given above is true to the best of my knowledge. I hope you will consider my C.V. and my ability.

## INTERESTS AND ACTIVITIES

Playing football, traveling, swimming, surfing the internet

## RECOGNITION OF JOBSITE PERFORMANCE

## ATTIA MOHAMED GABER ATTIA

**31 January 2002**

Since joining the Project Team on 1 March 2000, Attia Mohamed Gaber Attia has been employed on the Project by Tarradco as an Electrical Technician. This recognition of jobsite performance is for Attia's hard work and contribution to the Project.

In his role as an Electrical Technician, Attia has consistently proven himself to be a hard working and dedicated employee. Attia has willingly taken on

any task assigned to him. Throughout the course of his work, Attia has

proven himself to be a dedicated and skilled professional who has ensured that all his work is of the highest quality, executed in a safe manner and completed as efficiently as possible.

In addition, Attia conscientiously ensures his work assignments are

executed in accordance with the Project's safety rules and regulations. Attia always wears the required Personal Protective Equipment and ensures that the work area is clean and safe for the benefit of himself and others.

Based on Attia's hard work and commitment to the Project, we hereby present Attia with this award in recognition of his efforts to date and take his opportunity to wish him every success for the future.
