Mar 2015 nowadays : instrumentation and control engineer

TRAINING COURSES

2019 (04 days) :Training PLC Schneider (IAP)
2018 (04 days) :Training SIS security instrumented system
2018 (04days) :Training PLC Siemens (IAP)
2012 (05 days) :Training PCS7 Controls
2012 (06 days) :Training on DCS FOXBORO equipment maintenance.(INFUSION)
2011 (05 days) :Training UPS for GUTOR
2011 (05 days) :Training of Opertion program of burner .
2010 (17 days) : Training speedtronic MARK VI Operations &Maintenance
2008 (06 days) : Training on the system SCADA of BRISTOL BABCOK livened up by INTEGRATION OBJECT
2002 (06 days) : Training on panel of control of turbine MARK II of GE
2000 (06 days) : Training on Electronics of power (Inverter, Rectifier, and UPS) at NAFTOGAZ
1999 (06 days) : Training on system emergency shutdown TRICONEX by a FOXBORO center
1999 (09 days) : Training of technician instrumentalist At the training center maintenance of SONATRACH HRM
1998 (04 days) : Training course practices of IT maintenance (Hard & soft) at SATO
