Profile

Years of experience in fabrication/Steel construction project management, planning, organization development, and general administrative management. Recognized team building, mentoring and leadership skills. Experienced in facilitating change in a workforce to support reengineering initiatives to meet organizational, financial and quality objectives. Ability to write and implement efficient work schedules, policies, and procedures, directing and supervising personnel.

Strategic Planning, Scheduling, Client Relationship Management, Inventory Planning & Control, Statistical Analysis.

Thorough understanding of engineering and fabrication drawings (reading, interpreting and follow-up on structural and piping isometric/P&ID drawings/weld maps).

Proficient in AutoCAD operation and manual drafting of fabrication drawings.

Knowledge of other computer-based engineering and project management tools such as Navisworks, and Primavera P6.

Fully proficient in Microsoft excel, Word and PowerPoint presentation.

Project Experience

Company: PRIME SOURCES LIMITED
Address: Km1 NPA Express way, Ogunu, Warri.
Position: Fabrication Lead
Tenure: January 2018 to Date
Project:
- Abiteye NAG Dev. Project (Shop fabrication) – CHEVRON NIG
- Okan Debottlenecking project (Shop fabrication and offshore installation) – CHEVRON NIG
- MEREN Source Water Project (Shop fabrication and offshore installation) – CHEVRON NIG
- Security Systems Enhancement Project (SSEP) – SPDC
- EPCIC of high-pressure gas compressor package at oredo flow station 3 (FST-3) in OML 111 – NPDC

Clients: Chevron Nig Ltd
NPDC
Shell Petroleum Development Company

Responsibilities:

- Closely coordinate job schedules and needs with stake holders to ensure smooth operation. Supervised the planning, and startup of fabrication project.
- Served as subject matter expert for the quantitate data aspects of project.
- Prepare Welding PQR and coordinate all FAT per project specifications requirements.
- Reviewed status reports submitted by project personnel.
- Prepared weekly and monthly statistical reports for the project manager review. Possess both field experience and formal education in project management. Proven ability to complete projects ahead of schedule and under budget.

- Projected and forecasted labor and resources requirements. Prepared weekly project status reports.

- Overseeing the installation of pipe supports, electrical/instrument supports, access platforms and ladders, grating support frames, anti-piracy fence, etc. on the EGINA FPSO Riser porches.
- Coordinating all necessary/approved support modifications
- Track and report outfitting progress to construction manager
- Liaise with the CAD team to update all the changes on drawings.
- Conduct weekly briefings with all parties involved to access project schedule execution.

Company: NIGERDOCK NIG. PLC
Address: Snake Island FZE, Apapa, Lagos
Position: Fabrication Supervisor
Tenure: March 2013 to February 2016
Project: OFON, MEREN GGCP, SONAM NWP, ERHA and EGINA FPSO Projects
Client: Total/Chevron/NNPC
Job Description:

- Overseeing site fabrication works and coordinating all allied/ancillary operations/trades.
- Reading and interpreting fabrication drawings.
- If need be, preparing plate and pipe profiles using rail/track cutting machines and chop-saw.
- Studying and interpreting assembly instructions.
- Overseeing the fabrication frameworks for smaller components in the shop for erection at site/ Checking fit-ups for conformity with drawings and workmanship standards.
- Erection and assembly of all structures at site.
- Resolving assembly and production issues/clashes.

Company: NIGERDOCK NIGERIA PLC.
Address: Snake Island FZE, Apapa, Lagos
Position: Assistant Fabrication Instructor
Tenure: February 2012 to March 2013
Project: NNPC/MPN Satellite Field Development Project ABANG & ITUT Topside platform

Client: Mobile.

Job Description:

- Lecture trainees on technical drawings/engineering designs, drafting, hand tools, codes and standards.
- Track trainees progress and report same to the fabrication instructor
- Prepare lecture plans.
- Ensuring the training w/shop environment is clean and safe.

TRAININGS:

- HSE Management and safe system of work.
- Lifesaving golden rules.
- Work in confined space.
- Work at heights.
- Job safety analysis.
- First aid.
- Rescue at height

NATIONAL YOUTH SERVICE CORPS (N. Y. S.C.) 2008/2009
Government Secondary School, Koko
Kebbi State.
Position: Class teacher:
Mathematics, Introductory Technology and Technical Drawing.

ACADEMIC QUALIFICATION AND CERTIFICATES:
NVQ in welding and Fabrication (level two) TXP0727
City & Guilds 2017

Certificate of competence in Fitting (piping & Structural Fitting) 2011 - 2012
Nigerdock Development and Training Center

HND in Mechanical Engineering (Upper Credit)
Federal Polytechnic Auchi 2007

OND in Mechanical Engineering (Upper Credit)
Federal Polytechnic Auchi 2004

Senior Secondary Certificate Examination
Uzebba Grammar School 2001
