HART DAVID

PERSONAL DATA:

Sex:	Male
Address:	James hart street, off wilbros road. Bonny island Rivers state.
LGA	Bonny
State of Origin	Rivers
Date of Birth:	31st OCT-1990
Marital status:	Married
Mobile No:	08039637950
E-mail address:	hartdavid487@gmail.com

.....**PROVEN EXPERTISE**.....

- Proficiency in supervising and making sure given tasks are completed safely and within schedule.
- Ability to execute jobs with high standards and integrity. Excellent Interaction and Good Communication Skill.
- Demonstrated Leadership abilities
- Integrity and transparent (honest)
- Good team player with a strong analytical mind
- Effective use of initiative
- Self-motivated and target oriented
- Instrument calibration and use of simulation devices

ACCOMPLISHMENTS:

Successfully participated in Nigeria LNG Trains 1,2,3,4,5,6 and several Gas Turbine Generators (GTGS) Turnaround Maintenance (Shutdown) Outages as **An INSTRUMENT TECHNICIAN AND TEAM LEAD** and currently working as an **INTEGRATED SAFE SYSTEM OF WORK (ISSoW) PLANT OPERATOR.**

WORKING EXPERIENCE:

Amaiden (NLNG)	**2021 till date**
Department	**Operations (POD/1C2)**

Position	**ISSoW Plant Operator**
Duties	Carry out regular monitoring of all critical activities as required in all plant areas for compliance to ensure safe execution. Monitor Operations' critical activities in the plant areas on daily basis to ensure compliance to procedures and standard operating practices. Assist the shift personnel to prepare equipment for isolation and maintenance in accordance with appropriate procedures and prepare permits to work documentations in line with the approved guidelines to ensure that works are carried out in a safe and efficient manner. Participate in Job Hazard Analysis and Permit to Work as directed by Area Shift Supervisor. Support work fronts during the execution of planned or Emergent Turn Arounds and ensure that HSE considerations are included in daily instructions within assigned areas to prevent HSE incidents. Support Shift Operator in assigned area to ensure that daily routine and non-routine operations are carried out with due HSE considerations to prevent HSE incidents and accidents. Perform assigned HSSE tasks as assigned and ensure compliance with NLNG HSSE goals and objectives in own area activities.
Pivot-Gis (NLNG)	**2016-2020**
Department	**Field Instrumentation (Turnaround)**
Position	**Instrument Technician Team Lead**
Duties	Manage a team of Instrument technicians during turnaround maintenance to carryout activities like calibration, inspection, loop checks, functional checks, commissioning of instrument devices in NLNG Trains. Provided technical support to instrument engineering activities in Nigeria Liquefied Natural Gas (NLNG).

Calibration and Commissioning of Field instruments like Control Valves, Pressure gauges, vibration probes, ON and OFF Valves, Digital and Analog indicators, SOV.

Fully involved in shutdown activities and gives support to GE for calibration, loop check, repair and functionality of transmitters, Vibration/speed probe Bentley Nevada (Radial/Axial), Bleed valve, Anti-surge valve (CCC), Exhaust and wheel space thermocouple/RTD, temperature Transmitters, Fire and Gas System like Fire and gas detectors, smoke/flame detectors.

Ability to read and interpret Piping and Instrumentation diagram (P&ID), Process Engineering Flow Scheme (PEFS).

Pivot – GIS(NLNG) Area C Maintenance **2015-2016**

Department **Field Instrumentation**

Position **Instrument – Technician**

Activities Validation and Calibration of instrument equipment such as Pressure Transmitters, level Transmitters, Flow Transmitters, Temperature Transmitters.

Calibrate, Service, repaired, overhauled and functionality test of Control valves, ESD valves, Transmitters
Junction Box, Control Valve and Ex' Compliance inspection.

Tasks include fault diagnosis, testing, defect corrections and troubleshooting of all instrumentation equipment.

COMPANY/ POSITION

Nigeria Liquefied Natural Gas (NLNG) **2012-2013**

Department **QMI/Fire and Gas Systems**

Position Student Industrial Work Experience (SIWES)

Duties Validation and Calibration of Single point Gas Detectors
Validation of Open Path Gas Detectors
Validation of Manual Call Point (MCP)

Replacement of Heat detector

Preventive maintenance on safety critical devices–
Manual call points, Limit switches
Corrective maintenance of all the above

TRAINING:

- ElFEMO Computer and Communication Systems
- Pre-Boarding HSE Training.
- Confine Space Training
- Personal Gas Monitor Training (PGM)
- Breathing Apparatus Training (BA)
- Computerized Maintenance Management System Training (CMMS)
- Fire Fighting

EDUCATIONAL BACKGROUND AND QUALIFICATIONS:

- **Kenule Beeson Saro-Wiwa Polytechnic** **2021**
  Higher National Diploma(HND) ELECTRICAL/ELECTRONICS

- Nysc Discharge Certificate

- **University of Port Harcourt, Rivers state (UNIPORT)** **2015**
  Bachelor of Engineering(B.ENG (Hons) ELECTRICAL/ELECTRONICS

- **Rose Valley High School, Lagos state** **2007**
  General Certificate Examinations (GCE)

REFEREES:

Mr. Edokpa Joshua → Shutdown Instrument Senior Engineer (NLNG) → 08035304132

Mr. Edward Obakpolor →Area Maintenance Instrument Supervisor (NLNG)→ 08055965238

Mr. Odede Joseph→ Operations Section Head POS/2 (NLNG) → 08039053069
