PROFILE

I am a Civil Engineer, bagged B.Eng Civil Stru. Engineering and COREN Licensed Engineer, certificate in project management, drilling and well completion from PTI, Warri, customer service and relationship management (CSRM) and HSE, with 6 years of experience, I had become a Project Engineer who evolved from structural design, steel fabrication and construction engineering discipline with broad field experience across the EPCI spectrum, coordinating projects activities from inception through project development to commissioning and final handover in an international and indigenous construction project development environment.

I have knowledge to carry out structural design, Technical reports, site procedures, MTO, BEME, Structural investigation with knowledge of engineering design codes. I can use AutoCAD, Orion and STAADPro.

I have managed and delivered construction projects, with good quality assurance and control, HSE plans, scope of work breakdown, materials management, Project Requirements documentation, Project Resource Planning, Project Budget Development, Project Planning & Scheduling, Project Controls for Scope, cost and Quality Scheduling Procedures, Project Performance Reviews, Engineering Coordination and Management, Customer Service & Relationship Management, subcontractor/contractor management and project delivery time. Past experiences also include but not limited to; Sewage treatment plant installation at NLNG estate, Design and implementation of Thomas estate Gate Ajah, Design and detailing of 6 six storey building Katampe, about 300 meters underground storm water tunnel, over 20km Road project, over 500 meter retaining wall in different location, pipe laying, progress meeting with clients and sub-contractors on site, coordination of design, feasibility study and constructability reviews, As-built drawings, project technical reports etc.

EDUCATION AND QUALIFICATION

*FEDERAL UNIVERSITY OF TECHNOLOGY, YOLA.

BEng. Civil Engineering 2017

*SKILLS EDGE CONSULTING LIMITED, 2018

Certificate in Project Management,

Certificate in Customer Service

Certificate in Health Safety and Environmental

*PETROLEUM TRAINING INSTITUTE, WARRI

Certificate in Drilling and Well completion,

*YABA COLLEGE OF TECHNOLOGY, YABA, 2010

Certificate of admitted into Metallurgical Engineering

*NATIONAL TEACHERS' INSTITUTE KADUNA,

. Teaching Course ii 2006

*Muslim Students' Society of Nigeria

Certificate of Honour for completing office tenure as Secretary General
2006

Certificate of Participation in leadership training programme 2011

***UNILEVER NIGERIA, LAGOS**

Certificate of participation in Campus Learning Workshop on Strategy Marketing 2013

***Nice Construction Company:**

Certificate of proficiency, Steel Fabrication and Welding 2009

RELEVANT SKILLS:

- Design skill: AutoCAD, Orion 18 and STAADPro.
- Structural detailing and AutoCAD drafting.
- Ability to Prepare Technical reports, MTO, BEME, Site procedure and investigation.
- Ability to fabricate, installation and do all position metal welding.
- Proficient with MS word, MS Excel, MS Project, Power point.
- Construction safety delivers with quality control and quality assurance.
- Ability to supervise and manage huge projects.
- Good interpersonal skill.
- Ability to work with minimal supervision.

PROFESSIONAL ASSOCIATION

Nigeria Society for Engineering (NSE)	Graduate Member
Council for Registered Engineer of Nigeria (COREN).	Licensed Member
American Society of Civil Engineers (ASCE).	Graduate Member

CAPACITY

- Building construction from inception to completion.
- Structural detailing.
- AutoCAD drafting.
- Efficient and effective supervision and control.
- Resource and manpower management.
- Working with people across all level
- Effective communication
- Result oriented
- External and internal clients satisfaction.
- Ability to deliver project timeline.

WORK EXPERIENCE

-iFASTECH Engineering Limited. Present

TECHNICAL PROJECT ENGINEER

Carried out major renovation work for Transmission Company of Nigeria stations such as Ikeja west TC, Akangba surulere TS, Isolo TS and Amuwo TS. This includes procurement of all electronics and gadgets use in the station.

Renovation of Deputy directors' quarters at Defense intelligent agency, Asokoro Abuja.

Renovation of Lugbe international Academy administrative building, fct, Abuja.

-Black diamond engineering limited 2022

PROJECT ENGINEER: Building 30 unit of duplex of estate in minister's quarter, Mabuchi, Abuja. Installation of over 400 meters length of underground storm

water drainage line inside Minister's quarters, Abuja. Construction of Amazon experience center, Maitama. 20 units of terrace apartment at maitama. 18 units of terrace apartment at Gwarinpa, Abuja. 3km Road at lifecame, fct, Abuja.

-OAL Keyturn Project 2019

SITE ENGINEER/QAQC officer: Structural detailer, Structural Design of 2 residential building, Sewage Treatment plant installation, Installation of Sewage pipeline, Involved in three residential building duplexes within NLNG cooperative estate from inception to finishing at cowrie creek, Lekki. Site inspection at Lekki garden estate phase11, Ikoyi and Banana Island school, Lagos.

5km Road with drainage at Cowrie creek estate, Lekki, Lagos.

-Betonberg Engineering April 2018

SITE ENGINEER: Involved in construction of three storey building from inception to finishing at Olusesi town, Eleganza bus-stop, Lekki.

-Barese Oil and Gas, warri, NYSC Service Year 2017

ASSITANT DESIGN ENGINEER: Structural design of onshore steel structure, fabrication and installation of steel stanchion at NNPC yard warri.

-Mikano International Company, Lagos 2016

WELDER FOREMAN: fabrication and Welding of Eldorado Diesel Tank, Involved in construction and fabrication of external combustion pipe for power generator at Jakande Shoprite, Lekki

-Eddie bani Nigeria Limited 2015

WELDING ENGINEER: Design and fabricate Thomas estate gate, Drafting of 2500litres steel round tank for Total oil, Apapa, Installation of Storm water line in Lagos Atlantic city

-Formwork Nigeria Limited, Lagos, six month Industrial Training 2015

ASSITANT SITE ENGINEER: Involved in development and construction of Guaranty Trust Bank chevron branch, lekki.
